Director's Message

Dear Parents,

Education is the biggest wealth that each one of us can hand over to our coming generations. The year 2018 marked the beginning of an era as the gates of Vishwa Vidyapeeth School opened to cater to a new curriculum. This institution was created with an objective of retaining and promoting our rich Indian culture and tradition. The philosophy of the school has remained intact over the years and we try to emphasize on character building, leadership, extra and co-curricular activities along with academics. Over the past 7 years we have successfully made a mark in ICSE schooling and now we look to make the same mark in CBSE curriculum with a very strong, dedicated and capable team of educators who will become the driving force in the growth of the school. Our school accepts and respects every student. We expect our students to be independent to stand on their own feet in the future. So we are very keen on building the “guru shishya parampara” for the right equation between teachers and students through which the latter could experience love and dignity as well as cultivate their self-respect, self-discipline, self-confidence, respect for teachers and respect for the value of a hierarchy of elders and youths. We pursue our goal of ensuring every day of your child in the school enriches him/her in one or other way with best quality education. In the future, we still need your continuing support for the philosophy of education of Vishwa Vidyapeeth on which we strive for the developments of students' knowledge and talents!

YOGA

A healthy body hosts a healthy mind. To inculcate healthy living habits yoga classes are held once every week. Yoga for students improves concentration, blood circulation, develop body awareness and increase their confidence and self-image. Winning over the mind is possible only through yoga and meditation.

A well trained yoga teacher teaches power yoga and different asanas that helps the students be active throughout the day.

SCHOOL ASSEMBLY

Fresh start to mind, heart and soul. Morning assembly ignites the day and brightness everyone's mood. Each class gets to host the assembly for a week. Students take part in giving commands, inspiring with thoughts, news reading and delivering the pledge. There is a special program like Student talk on Tuesdays, Amazing facts on Wednesdays, Teacher's talk on Thursdays and Skit on Fridays.

BHAGAVAD GITA

Bhagavad Gita is the essence of all Vedic knowledge and one of the most important Upanishads in Vedic literature. It balances work and rest, reduces laziness. Bhagavad Gita Chanting increases inner strength and has the ability to face any situation.

PRACTICAL PERKS OF GARDENING FOR KIDS

Gardening acts as a bridge between curriculum and society/ nature. It encourages them to eat healthy food. Kids understand importance of farmers and the time taken to grow crops.

CLASSROOM ACTIVITIES

Activity oriented teaching methodologies are used for CBSE students to inculcate and imbibe the topics for study. Last month students have participated and involved in the following classroom activities of different subjects.

Owl from Wool- Learning Hindi letters through Art and Craft (Class I).

Snow Tree - made with cotton – Based on the English Poem ‘Stopping by the woods on a Snowy Evening’ (Class V).

The Blue Jackal Skit – Based on the English Lesson, ‘The Blue Jackal’ (Class II).

Silk Alive – Life cycle of silk moth was observed in the classroom based on the Science lesson ‘Animal life’ (Class V).
