Student Led Revision Classes

It's hard to imagine a more high-leverage practice for improving learning than this. The proud parents of Vishwa Vidyapeeth witnessed the revision sessions incorporated with various activities by their wards as acting teachers.

Education has witnessed a tremendous transformation in teaching and learning so to keep pace with the same our school has left no stone unturned. A series of revision classes were organised on different subjects by the students across the grade levels. Parent students appreciated every moment spent by them during the 1 hour session.

Students planned interactive activities like quiz, group discussions and infographics to keep the parents engaged and extract the maximum from the session.

The session came to an end by declaring "the star of the class" which was an exciting part of the student-led classrooms. Parents proudly received the bookmark created by their wards as a token of appreciation.

Parents supported the event and also mentioned that they are looking forward to many more sessions like this in future.

A peek into the interactive sessions conducted by the students for parents

WEBINAR:

Java Coding

By Reva University

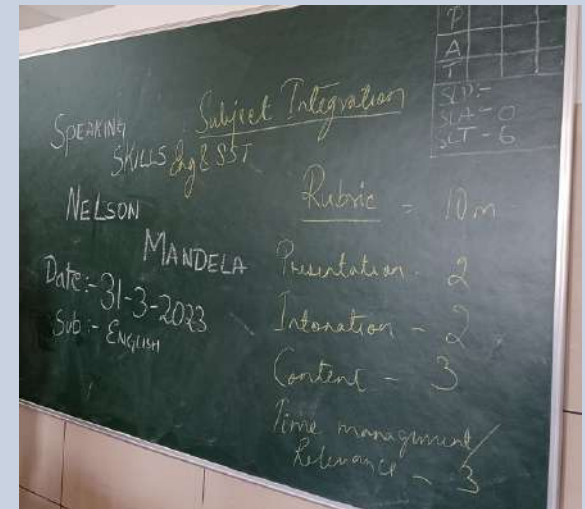

Student Reflection

The students of Grade 9 and 10 from CBSE as well as ICSE had a session on Java on 25th of March, Saturday. This was a really informative session. Most of the students already had basic knowledge about Java. This session really helped them to gain more knowledge on Java. We learnt various topics such as Introduction to Java, Features of Java, Arrays, String Pool, Heap, Stack, Strings in Java, Functions of Java, Physical entity, Conceptual entity, User- defined functions, Method invocation, Method Calling and many more. The teachers from Reva University taught us in detail about each and every topic. They were really sweet and were even answered our doubts enthusiastically. At the beginning of the session many people thought that this was going to be really boring session. But when the session started everybody started loving it. This session was very educational. It helped us improvise our knowledge that we already had on Java. It was also really fun. We must thank our school for organising the session. We must also thank the teachers from Reva University for coming to our school to teach us about Java. Overall, this was an education as well as a fun session.

Speaking Assessment

Speaking skills are something vital for living in a society. Here at VVP the honing of students' skills is common. Students of Grade X performed a speaking activity where they impersonated Nelson Mandela and gave a one minute speech. Some of them spoke of his valour and pious feats about the motive of a Rainbow Nation. Others expressed their own opinions on recent racially motivated movements through the speeches. As in “What would Nelson Mandela say about the Black Lives Matter movement?” It was an activity where students observed self growth in public speaking and an increase in social knowledge.

Holi Celebration

"to bring a sense of humanity along with a pledge to

Ugadi Celebration

spread positivity around us."

Women's Day

VishwaVidyapeeth has emphasised focusing on celebrating and welcoming all the female staff, teachers and parents on the International Women's Day on 8th March, 2023.

It was an occasion for the members of the Vishwa Vidyapeeth family to pause for a moment and reflect on ourselves, to appreciate how much has been done and what more needs to be done in the field of gender equality. Moreover, it was the day to acknowledge all the women in the world for making this world a better place for everyone to live in and to raise awareness about the status and dignity of every woman.

The theme for decorating the auditorium was done by reusable papers and it was flawless to see the flower decor made out of reused colour papers.

The program commences with an opening speech followed by a welcome speech, and a speech by our beloved Director ma'am Smt. Suseela Santosh.

We had all our talented teachers and sportive parents participating in Group dances, Group songs, Solo dance and singing which they all were rehearsing from a long time for this day.

All teachers were in sarees with shades of pink and other staff members were in sarees of green shades. Everyone enjoyed and celebrated this fun-filled day successfully.

Last but not the least, our beloved principal ma'am Smt. Shanthi Seetharaman who supported equally to celebrate this grand event by boosting up the spirit to dance and sing within our teachers.

The Vote of Thanks was delivered by Ms. Apoorva S. The programme was a success as about 100 parents were the beneficiaries of the talk.

Achievements

STUDENT CORNER

The time that our students spend in school represents years of hard work, dedication and sacrifice. As such, it's fitting to send them off for a refreshing break with words of wisdom and encouragement to rejuvenate.

Our Goodbyes today aren't a bleak end. Rather, they signify a golden age of new beginnings. May this golden age be filled with prosperity, success and more happiness than you can imagine. You're about to embark on an exciting new chapter in your life, and while no one can truly know what's in store, we know that the lessons you learn here and all the hard work you've put in will pay off.

May your dreams for the future continue to shine like the stars in the heavens, inspiring you to move ever forward.

Relax and Refresh to Rejuvenate your thoughts as an exciting year is awaiting your way.

Come Back
♥ Soon

WE MISS YOU!
