LIBRARY ACTIVITY

I love drawing & watching the pokemon series. This book was the perfect book for me because it was all about drawing pokemon. This book had step-by-step instructions on how to draw pokemon which are found in Johto (A Place) like Lugia, Chikorita, Ho-Oh, Phanpy, Misdreavus, Celebi & Cyndaquil.

At the end of each drawing page, there is a section named 'artist's tip' which gives us many tips on how to get better at drawing.

BOOK REVIEW

Name of the book is Three Men in the Boat.

The book was very mysterious and crime. It was fit for 4th Grade children. At the beginning of the story I did not understand the part - But then, I understood the 2nd part

I liked this book the most of all the books that I ever read in my school library because it had a lot of pictures of about 1000 baby animals & also a little bit of information stored inside the book. At the last few pages of the book, there are all the names of the baby animals stored inside the book kept in an alphabetic order. There is also a content page which divides the book into 5-6 different parts.

The underwater section was my favourite section in the whole book. I loved watching the pictures of all the baby animals in the book.
