## *A note from Principal Desk..*

**I am optimistic about the future and the potential of the youth.**

**I find myself most fortunate to be surrounded by committed, caring, supportive and innovative staff members, parents and students. More important than the physical building of our school, comes the relationship that was created, built and nurtured over the last 10 years. The sense of VVP community with the essential ingredient of students is an amazing organic and vibrantly alive entity...our school is really not about bricks and mortar but it is about the relationship forged and cemented here with values, faith and trust.**

**At Vishwa Vidyapeeth, we follow learner – centered Andragogy with grants the learners a more active role in the process of learning thus transforming them into Agentic learners.**

**We promote experiential teaching and learning as we believe that it enhances learners' knowledge as well as skills. This school is a happy school for any child to get groomed in the skills he/she possess. The main motto is "Discipline". The DashaPrabodha (ten skills) are spanned across the Grades throughout the year to enhance life skills keeping in mind "Learn Ten Skills by the Age of Ten".**

**Our vision has always been to create a special niche for the school perpetuating culture and ecosystem of openness, learning, growth and individual respect. Every day, every child is important and every moment has to be growth, by creating global citizens of India. Keeping firm belief in our tradition and culture, the roots cannot be uprooted. The roots need to grow deeper and stronger. As a progressive educationist, I feel challenges are stepping stones to success. We, at team Vishwa Vidyapeeth, ensure that no student is left behind and equal opportunity is given to all unleash their potential. Our resolve is not to follow but to create a path for future leaders.**

**The school envisions the students to become innovative, empathetic, socially responsible and academically empowered individuals of character who take the centre stage. Every stake holder of Vishwa Vidyapeeth deserves credit and gratitude in this regard. I have immense faith that the students of Vishwa Vidyapeeth will evolve into strong, empowered and righteous citizens of our country. I look forward to taking pride in their achievements.**

**I remember Swami Vivekananda's inspiring words, "I have faith in my country band especially in the youth of my country."**

**All the seasons through**

---

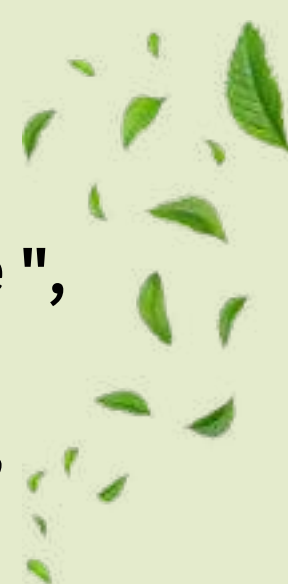

**The Robin sang all day,  
When the days were bright,  
"Thanks, Thanks for the summer",  
With all his might.**

**The Robin sang sweetly,  
In the autumn night,  
"There are flowers for everyone ",  
All of us praise.**

**In the cold and clear weather,  
I still hear his song,  
"Somebody must sing!" Said the Robin,  
Or winter will seem long.**

**When summer came back again,  
He sang "I told you so!",  
"Keep on singing through winter,  
And it will always go!"**
